Hello Love,

I've been hiding like a muthf*&cka because I'm in creation mode.

Last year I started taking these Instagram photos and tagging them #sluttyyoga.

I noticed it sparked a body conversation that I desire to be a part of.

Now I'm intimately familiar with my own body challenges.

I've been ALL the sizes from an 8 to a 20. I've tried all the diets and this is a safe space right?

I even did that crazy master cleanse years ago. (don't judge me:)

Now I need to hear from you.

Do me a favor

If you could take just 5 minutes and tell me what is the single biggest body challenge that you're struggling with right

now...

If you could take 30 seconds to tell me what that is,

- a) it would mean the world to me and
- b), most importantly, I'll be able to use that information to gear my upcoming emails toward topics you really want to know more about.
